ALLIANCE™ T4
Premium Vinyl Soffit

A Beautiful New Look for a Classic Accent

Solid panels create striking accents at entrances and gable ends.

STRIKING VERTICAL ACCENTS

A key function of Alliance T4 soffit is to provide proper ventilation for the eaves and rafters and prevent potentially damaging moisture buildup in the roof structure and overhangs. The striking simplicity of the contemporary color collection is noted for its enduring aesthetic value and a broad range of applications. In addition, Alliance T4 solid soffit panels install beautifully as vertical siding to dress up the appearance of gables and other exterior accent areas. Combine vented and solid Alliance T4 panels with confidence to design the ideal low-maintenance soffit system for your home.

COLOR AND DESIGN INSPIRATION

Alliance T4's full array of profiles and colors makes it easy to give your home a style all its own.

STANDARD COLOR COLLECTION

ARCHITECTURAL COLOR COLLECTION

Note: Colors are as accurate as printing techniques allow. Make final color selections using actual vinyl samples. Color availability may vary by market. See your Alside Sales Representative for details.

Pertains to Alliance T4 Solid Soffit used as vertical siding. Consult the VSI website at www.vinylsiding.org for a current list of certified products and colors.

ALLIANCE T4 . . . ADD CLASSIC DETAILS TO YOUR HOME

for an exterior design that's both polished and cost-effective.

Alliance T4 makes it simple to add beautiful, easy-care porch ceilings.

OUTSTANDING BEAUTY

Alliance T4 is loaded with realistic look-of-wood details. Deep V-grooves and a milled-like flat surface create the look of individual bevel-edged boards. A traditional 4" exposure width with a richly detailed wood grain adds further appeal. A wide choice of low-gloss colors coordinate with all Alside siding, trim and accessories.

EFFECTIVE VENTILATION

With a wood-grained full vented panel, Alliance T4 uses an attractive "outward weave" design to provide air flow needed for attic ventilation.

EASY-CARE CONVENIENCE

Alliance T4 is made from durable premium vinyl, so it won't warp, rot or peel. No staining or painting is needed either – just rinse occasionally with a garden hose to restore its like-new appearance.

BACKED BY A STRONG WARRANTY

Choose Alliance T4 with confidence, because it's made by Alside, a quality-leader, and backed by a strong lifetime limited warranty.[†]

Alliance T4 . . . the versatile finishing touch.

A BEAUTIFUL FINISH HAS NEVER BEEN EASIER

Alliance T4 gives you everything you want in a beautiful, easy-care soffit – outstanding appearance, classic details, efficient attic ventilation and solid soffit panels for porch ceilings and vertical siding applications.

Use this popular soffit panel to enhance the beauty of eaves, porch ceilings and entry ways. Or to create elegant vertical siding installations. Alliance T4 gives you everything you want in a beautiful, easy-care soffit.
